# Lab Exercise-4

## Mobile and Application Development Lab

(1) Follow the instructions of your instructor to install Android Studio on your machines.

(2) Get familiar with the Android Studio environment.

(3) Create an application that displays your name in the centre of the emulator screen.

(4) Create a mobile application having a button with caption 'Click'. On clicking this button, a message that is there in a text box should be displayed for a while.

(5) Create an app containing a picture of Donald Trump on the full mobile screen. On clicking the Trump's picture, the picture of Indian Prime Minister should appear on the mobile screen. On clicking the Indian PM's picture, picture of Trump should appear again.
